CountyCare Eventa Training January 18th, 2024

Eventa has been a leader in the respiratory management space for more than 10 years and has assisted in the development of the Enhanced Respiratory Care (ERC) Program. This program is available to CountyCare members and their providers effective 10/16/23. Through a targeted member identification process, the program focuses on members who would traditionally be admitted to a long-term acute care hospital (LTACH) for complex respiratory management and redirects them to a specifically prepared ERC Skilled Nursing Facility (SNF.) For more information about Eventa, click here: [Home - Eventa LLC](#)

Please join CountyCare and Eventa for an informative training session to assist you and your staff. This training is available at no cost and lasts approximately one hour.

Training Info		
Day	Date	Time
Thursday	January 18th, 2024	12:00-1:00 p.m. CST
