Payment Calculation

Payout will be submitted for processing in October 2027, using MY2025 HEDIS performance rates as of 06/01/2026. Payout will be based on administrative performance rates from CountyCare's NCQA-certified HEDIS vendor. Administrative data may include claims, supplemental EMR data, and/or supplemental lab data. Note, tiered incentives are not additive; Tier 2 bonus amounts represent the maximum possible payout per measure. Bonus checks will be mailed or delivered by your Provider Relations Representative. A provider TIN must earn a minimum of \$100 to receive a bonus check.

* Target rates are based on the MY2025 NCQA Quality Compass benchmarks made available in autumn 2026.

The P4P Program may be discontinued at CountyCare's sole discretion at any time without prior written notice or approval.
