Illinois Preferred Drug List – Formulary Update

As of January 9th, 2026, Illinois Department of Healthcare and Family Services Preferred Drug List (PDL) has changed the status of Urea Cream 39.5% to non-preferred.

Affected Product	Preferred Formulary Alternatives	Additional Information
Urea Cream 39.5%	Urea Cream (20%, 39%, 40%, 41%)	Action Needed: Current utilizers of affected products will require NEW prescription for the preferred Urea product.

Other percentage strengths of Urea Cream products (20%, 39%, 40%, 41%) continue to be preferred status.

The current CountyCare PDL can be found here: https://countycare.com/wp-content/uploads/CountyCare.11.19.2025_4Q_2025.pdf

We look forward to working with you to ensure uninterrupted care for our members. Please contact CountyCarePharmacy@cookcountyhealth.org for additional information or assistance.
