

NON-EMERGENCY MEDICAL TRANSPORTATION FOR COUNTYCARE MEMBERS

As a CountyCare Member, First Transit can help you get a ride to and from your **medical appointments** at no cost to you. You can schedule rides for medical appointments such as dialysis, physical therapy, doctor visit or lab services if you have an appointment and the service is covered by CountyCare.

When you call to schedule your appointment, First Transit will arrange for a transportation company to drive you round trip to your appointment or provide bus or train tickets to get you there and back.

QUESTIONS?

Q: Why do I need to give my information each time I call?

A: First Transit is required to ensure you meet **eligibility requirements** for transportation. Because those requirements can change, we need to verify your information for every trip.

Q: Am I able to request a specific Transportation Providers?

A: Yes, however First Transit must schedule your trip with the most appropriate provider which is based on your needs, location, and availability. This means you may receive a different provider than requested.

Q: Am I able to request to ride alone?

A: To ensure that Transportation Providers are able to provide the maximum number of rides, trips are shared with other Members traveling to locations in the same service area.

Q: Why was my request for an ambulance denied?

A: First Transit may verify the appropriate mode of transportation with your doctor by requesting a Physician Certification Statement (PCS). The PCS will indicate the most appropriate mode of transportation based on **medical necessity**.

Q: What if my Transportation Provider is running late?

A: Travel times can be affected by things like traffic or inclement weather, if your Provider is running more than 10 minutes behind, please call First Transit at 630-403-3210, press #2 and a Representative will assist you.

Q: I am ready to be discharged from the hospital, am I able to schedule my ride home?

A: First Transit is unable to accept hospital discharges from Members. Hospital staff must schedule discharges to ensure we have all information needed to properly schedule your transportation.
