

Affinity Medication Delivery Program

We are excited to announce our new Affinity medication delivery program. This program delivers prepackaged medications directly to a member's home and is proven to increase medication adherence and improve compliance with drug regimens. CountyCare is committed to continuing to find new and innovative ways to improve quality.

More information on this program is provided below.

HOW DOES THE AFFINITY MEDICATION DELIVERY PROGRAM WORK?

The Affinity program provides members with a safe, easy, and reliable way to manage their medications. This free program delivers medications right to a member's door in a simple dose-packaged method.

WHAT IS DOSE-PACKAGING

Medications are sorted by the day and time that they need to be taken and then put in convenient and labeled packages. The packages come in strips in the order they are to be taken. All member refills are organized and placed in a box for dispensing each month.

Your medication is sorted according to day and time, then sealed in convenient, labeled packages.
