

# Provider Notice

October 01, 2025

## **Xifaxan Will No Longer Be Covered by Illinois Medicaid Effective 10/01/2025**

This notice is to inform you of an important update regarding the coverage of Xifaxan (rifaximin) for Illinois Medicaid members.

Effective October 1, 2025, Xifaxan will no longer be covered under Illinois Medicaid. This change is due to the manufacturer's decision to exit the Medicaid Drug Rebate Program (MDRP), which directly impacts the drug's eligibility for reimbursement.

To support continuity of care, patients currently prescribed Xifaxan may be eligible to receive their medication through the manufacturer's Patient Assistance Program. We encourage you to share this information with affected members and assist them in applying if clinically appropriate.

Program details and application instructions are available at:

We appreciate your continued partnership in providing high-quality care to our members. If you have any questions regarding this update, please contact CountyCare Provider Services at [countycareproviderservices@cookcountyhhs.org](mailto:countycareproviderservices@cookcountyhhs.org) or the manufacturer directly.

Sincerely,

CountyCare
