Add Your Baby to Your Coverage

One of the most important things you can do is to make sure your baby has health coverage. In the week after your baby is born, call DHS at 1-800-843-6154 or log on to the Application for Benefits Eligibility (ABE) System at

www.abe.illinois.gov. After you log on to ABE, go to Manage My Case to add your baby and choose to stay with CountyCare. You will receive a notification in the mail when your baby has been added. If you need assistance with this, please call us at 312-864-8200, option 1.

Talk to Your Provider About a Breast Pump

CountyCare covers one (1) double electric breast pump per year. When your baby is born, your provider can order the pump from several companies. You can pick it up or have it delivered to your home.

Look for Your Free Diaper Coupons in the Mail

All families with a baby under 2 years old will receive a coupon in the mail once a month for a free pack of diapers. CountyCare will automatically mail the coupon when your baby's shots are up to date.

Get a Free Car Seat

You will need a car seat in your car to bring your baby home. CountyCare provides free car seats to parents with children up to 8 years old. Call us at any time to request a car seat at 312-864-8200 and you will receive your car seat in the mail.

Baby's Doctor Visits and Immunizations

Your baby will receive their own CountyCare Rewards Card.

Your baby will earn a \$50 reward when you bring them in for a checkup within one month of their birth and \$10 for each of their next 5 visits.

Your baby will earn a \$10 reward for each of the first 10 immunizations they receive. Members age 6 months and older will also earn \$25 for getting a flu shot every year from their primary care provider, pediatrician, or an in-network pharmacy.

When you take your baby to these appointments, CountyCare will automatically put money on your child's Rewards Card. You can spend the cash on what you need, such as groceries, transportation, utilities, and more, at most places that accept Visa. You will have six months from the date they are added to your baby's card to use the rewards.
