

# CountyCare Extra Benefits and Rewards Program

## How it works:

When you or your children go to the doctor for certain services, we will send you a CountyCare Visa Rewards Card in the mail. The card will have a cash credit on it based on the services you or your children received. Activate the card and spend the cash on what you need at most places that accept Visa. Use the card to buy groceries, transportation, utilities, and more. We will add rewards to your card when you see your doctor for additional eligible services. Rewards are added once we receive information from your doctor's office and your doctor has 180 days to send us that information. **You will have six months to use your rewards from the date they are added to your card.**

Download the free OTC Network app or login to [mybenefitscenter.com](http://mybenefitscenter.com) to check your balance.
